HISTORY

GETTING TO KNOW OUTSIDE J.

Founded in 2021 by Jalen Coleman, Outside J., Inc. is a 501c3 nonprofit organization [www.outsidej.org] dedicated to engaging underserved youth in outdoor basketball opportunities.

The **core values** of our organization are **equity, sportsmanship, community, and respect**. We believe that youth should have opportunities to play competitive basketball safely on refurbished courts without having to worry about tournament costs.

In addition to hosting clinics, annually we have enjoyed collaborating with local organizations and corporations to host a 3v3 basketball tournament for Inglewood and South Los Angeles youth.

On these days, dozens of youth compete for winning prizes, have fun playing basketball, and learn how the community comes together for good.

We look forward to making a larger impact and seek the support of organizations and individuals. **LET'S HOOP!!!**
